

2019-2020
Ethical Society Nursery School (ESNS)
9001 Clayton Road
St Louis, Missouri 63117

- I. A review of our insurance coverage has raised the issue of liability in the case of injury in the course of placing a child in a car. The ESNS Board lawyer has requested that you sign the following form.

If you do not wish to sign the form and thus do not wish to have the teachers open the car door to help your child into and out of the car, you can certainly be responsible for loading and unloading your child yourself. However, for the safety of all concerned, we do request that you join the car pool line and wait your turn to drop your child in the early morning or to fetch him/her at the end of the school day.

Waiver of Liability

We, the undersigned parents of _____, do hereby agree to hold harmless the Ethical Society of Saint Louis, the Ethical Society Nursery School, its employees, agents and volunteers, against any loss, cost, or damage, including personal injury, incurred during the process of assisting children into or out of automobiles, at the beginning and ending of the school day. We are aware that the insurance policies of the Ethical Society Nursery School do not provide coverage for any such loss, cost, damage or personal injury, and further agree that our use of such car pool service signifies our understanding of and consent to this waiver of liability.

- II. Field Trips and Transportation

The ESNS Board requires that parents grant written permission for each field trip away from school. A notice will be sent to parents in advance of each proposed outing. However, Missouri State Law requires that ESNS have parents' signature on file granting permission for the child to take part in field trips.

I do ___ do not ___ give consent for my child to take part in field trips or excursions with the Ethical Society Nursery School under proper supervision. It is my understanding that I will be notified when such trips are planned.

- III. Agreements

In accordance with Missouri State Law, ESNS is supervised by the State Department of Health. ESNS is in compliance with every aspect of State regulations.

A. I have been informed of the required health and safety inspections and that the inspection forms are available for review.

B. When my child is ill, I understand and agree that my child may not be accepted for care at school.
